NEWS RELEASE

June 7, 2005

TINKA GIVES GEOPHYSICAL SURVEY UPDATE AT LUMINARIA, PERU

Vancouver, Canada - Tinka Resources Limited (the “Company”). (TSXv - TK; Frankfurt - TLD; Pinksheets -TKRFF).

Mr. Andrew Carter, President, is pleased to provide an update on the geophysical program at the Company's 4,300 hectare Luminaria Project located in the Huaraz mining district, department of Ancash, Peru.

The induced polarization and magnetic geophysical program at Luminaria has commenced and it is expected that it will be completed by the end of the week. The Company had anticipated completion of the program by this date but it was delayed while certain permits from the local authorities were obtained. Following completion of the field work, the data will be submitted to the Company's consulting Geophysicist for interpretation and results will be announced as soon as the data is analysed.

Tinka Resources continues to study the extensive data base available through the alliance with Sierra Peru Pty. Ltd., and the Company has a full time crew in the field assessing opportunities as they are identified.

Tinka Resources Limited trades on the TSX Venture Exchange under the symbol “TK”, Frankfurt – “TLD” and is quoted on the Pinksheets under the symbol “TKRFF”. The Company directors are experienced in the resource sector and are focused on enhancing shareholder value by expanding Tinka's assets in this sector. Management aims to identify exploration projects of high merit and quickly complete confirmation exploration. This will enable the Company to confirm the potential of a project and reach advanced project status by the most cost effective means and in the shortest time possible.

On behalf of the Board

“Andrew Carter”
Andrew Carter, President & CEO
